Computer Engineering-HCE	Normal Entry :At least 2 'A'Passes at Advanced Level in at least two of the following subjects or their recognised equivalents: Mathematics, Computer Science, Physics; five Ordinary Level passes including Mathematics, an official indegenous language or approved equivalent and any other subject(s) deemed necessary. Special Entry: Diploma in IT or equivalent	4yrs
	BSc. Honours Hardware Engineering -HHE	Normal Entry: At least 2 'A' level passes from the following subjects or their recognised equivalents: Mathematics, Computer Science, Physics; five Ordinary Level passes including Mathematics, an official indegenous language or approved equivalent and any other subject(s) deemed necessary. Special Entry: Diploma in IT or equivalent	4yrs
	BSc. Honours Software Engineering -HSE	Normal Entry : At least 2 'A' level passes from the following subjects or their recognised equivalents: Mathematics, Computer Science, Physics; five Ordinary Level passes including Mathematics, an official indegenous language or approved equivalent and any other subject(s) deemed necessary. Special Entry: Diploma in IT or equivalent	4yrs
	BSc. Honours Computer Science-HCS	Normal Entry: At least 2 'A' level passes from the following subjects or their recognised equivalents: Mathematics, Computer Science, Physics; five Ordinary Level passes including Mathematics, an official indegenous language or approved equivalent and any other subject(s) deemed necessary. Special Entry: Diploma in IT or equivalent	4yrs
	BSc. Honours Artificial Intelligence and Machine Learning-HAI	Normal Entry: At least 2 'A' level passes from the following subjects or their recognised equivalents: Mathematics, Computer Science, Physics; five Ordinary Level passes including Mathematics, an official indegenous language or approved equivalent and any other subject(s) deemed necessary. Special Entry: Diploma in IT or equivalent	4yrs

	BSc. Honours Cloud Computing and Internet of Things-HCC	Normal Entry: At least 2 'A' level passes from the following subjects or their recognised equivalents: Mathematics, Computer Science, Physics; five Ordinary Level passes including Mathematics, an official indigenous language or approved equivalent and any other subject(s) deemed necessary. Special Entry: Diploma in IT or equivalent	4yrs
MEDICINE & HEALTH SCIENCES		6 'O' Levels passes, with Maths, proficiency in English and local language and an approved science subject AND, Passes in A level Maths and Chemistry and any one of Biology, Physics, Nutrition, Computers, Geography, and Agriculture.	
	BSc Hons in Audiology-(HAUD)	3 Advanced level passes including Biology and any 2 from Maths, Physics and Chemistry	4yrs
	B. Pharmacy Hons. (HPM)	3 'A' Level passes in Chemistry (Compulsory) & any two of Biology, Physics or Maths.	4yrs
	BSc Hons Clinical Pharmacology-HCP	3 'A' Level passes in Chemistry (Compulsory) & any two of Biology, Physics or Maths.	4yrs
	BSc Physiotherapy Hons. (HPT)	3 'A' Level passes in Biology (Compulsory) & any two of Chemistry, Maths & Physics.	4yrs
	BSc Hons Occupational and Environmental Health (HOE)	3 'A' Levels in Biology and any two of Chemistry, Maths or Physics.	4yrs
	BSc Hons Nursing Science (BSc Hons NS)	2 'A' Level passes in Biology, Chemistry, Maths or Physics. Applicants with a Diploma in General Nursing or equivalent will be considered and shall receive 120 credit points.	4yrs
	BSc Hons Forensic Medicine- HFM	3 'A' level passes in the following subjects: Biology, Chemistry, Maths, or Physics	4yrs
	BSc Medical Laboratory Sciences-HBMLS	3 'A' Level passes in Chemistry (Compulsory) & any two of Biology, Physics or Maths.	4yrs
	Bachelor of Science Degree in Health Education and Health Promotion BSc HEHP	3 'A' level passes in the following subjects: Biology, Chemistry, Maths, or Physics	3yrs
	BSc Hons. Radiography (Diagnosis) (BSc HRD)	3 'A' Level passes in Biology, Chemistry, Maths, Physics or Zoology	4yrs
	BSc Hons Radiology Therapy-HRT	3 'A' Level passes in Biology, Chemistry, Maths, Physics or Zoology	4yrs
	BSc (Hons) Degree in Optometry (BSHO)	3 Advanced Level Passes in Mathematics, and any 2 of the Following; Physics, Biology, and Chemistry	4yrs
	BSc Honours Biomedical Sciences BSc BMS (<i>with pathways to</i>) :		4yrs
	a) Bachelor of Medicine and Bachelor of Surgery (MBChB);	3 'A' Level passes in Chemistry (Compulsory) & any 2 of Biology, Physics or Maths.	6yrs

	b) Bachelor of Dental Surgery (BDS);	3 'A' Level passes in Chemistry (Compulsory) & any 2 of Biology, Physics or Maths.	6yrs
	BSc Honours Drug Discovery and Therapeutics-BSc HPS	Advanced Level passes in at least two of the following: Biology, Chemistry, Physics, Mathematics, Geography, Agriculture, Computers and Nutrition.	4yrs
	BSc Honours Biomedical Engineering-BSc HBIOENG	Advanced Level passes in at least two of the following: Biology, Chemistry, Physics, Mathematics, Geography, Agriculture, Computers and Nutrition.	5yrs
	BSc Honours Medical Analytics and Informatics-BSc HMANI	Advanced Level passes in at least two of the following: Biology, Chemistry, Physics, Mathematics, Geography, Agriculture, Computers and Nutrition.	4yrs
	BSc Honours Language and Speech Therapy-BSc HSLT	3 "A" level passes in Biology and any other two of the following subjects: Mathematics, Physics plus 5 "O" levels including Physics, Chemistry, Biology, Mathematics and English Language	4yrs
EDUCATION		In all the degree programmes, applicants should hold at least 5 'O' level passes including English Language, Maths and a Science subject. For 'A' level graduates, applicants should have at least 2 'A' level passes. For post Diploma applicants, the Diploma must be in Education or related area as in the National Qualifications Framework. For 'A' level graduates, the programmes are 4 years in duration. For Diploma graduates, the duration is 3 years.

ENGINEERING AND THE BUILT ENVIRONMENT		5 'O' Levels – including English Language , Maths and science subjects for all degree programmes are a requirement. 'A' level Physics or equivalent is a must	
	BSc Honours Civil Engineering-HENCENG	3 'A'passes in Maths,Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Construction Engineering and Quantity Surveying-HENCEQS	3 'A'passes in Maths, Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Chemical Engineering-HCE	3 'A'passes in Maths,Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Mining and Geological Engineering-HMIE	3 'A'passes in Maths,Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Materials Technology and Engineering-HMTE	3 'A'passes in Maths,Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Metallurgical Engineering-HMET	3 'A'passes in Maths,Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Mechanical Engineering-HENMECH	3 'A'passes in Maths, Physics and Chemistry/Technical Drawing/Computing Science	4yrs

	BSc Industrial Engineering-HENIND	3 'A'passes in Maths, Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Mechatronics-HENMTR	3 'A'passes in Maths, Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Electrical and Electronic Engineering-HENELENG	3 'A'passes in Maths, Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Energy and Power Systems Engineering-HENPENG	3 'A'passes in Maths, Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Automotive Engineering-AUTO	3 'A'passes in Maths, Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Aeronautical Engineering with the following options:Avionics(AEROV) OR Aviation Mechanics (AEROM)	3 'A'passes in Maths, Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Geomatics Engineering with the following options:Geoinformatics Engineering -(HGEG) OR Surveying (HGES)	3 'A' level passes in Maths,Physics, and Chemistry/Geography/Computer Science/Technical Graphics	4yrs
	BSc Honours Land Administration and Management-HLAM	3 'A' level passes in Maths,Geography and any other natural science or commercials	4yrs
	BSc Honours Spatial Planning and Management-HSPM	3 'A' level subjects including Geography and any 2 Natural Science/Commercial subjects	4yrs
	BSc Honours Architecture-BARCH	3 'A'passes in Maths, Physics and Chemistry/Technical Drawing/Computing Science	4yrs
	BSc Honours Transport Systems Development-HTSD	3 'A' level subjects including Geography and any 2 Natural Science/Commercial subjects.	4yrs
	BSc Honours Real Estate-HRE	'O' level Geography passes required. 'A' level passes in Natural sciences or Commercial subjects	4yrs
LAW	B. Laws Hons. (LLBS)	At least a "B" in 'O' Level English Language and good 'A' Levels in any subject combination.	4yrs
	B.Substantive Laws-LLBSS	Any tertiary qualifications and relevant experience	3yrs
SCIENCE		'O' Level passes in English Language and Maths are compulsory for all programmes in the Faculty of Science. Two 'A' Level passes in any of Biology, Physics, Chemistry, Maths, and Geography. NB: One 'A' Level subject to be an experimental Science e.g. Biology, Chemistry or Physics.	4 yrs

	BSc Honours Biotechnology and Biochemistry (<i>with options in :</i>		
	A) Biotechnology and Molecular Biology-HBCBMB	"A" Level passes in Chemistry and Biology or their recognized equivalents Special Entry : a) National Certificate: at first year b) Diploma: at 2nd year of the programme c) HND: at 2nd year and exempted of some other courses A person who holds a BSc Degree with a major in an appropriate subject or an equivalent qualification and has passed that major subject in the upper second division or a higher division	4 yrs
	B) Clinical Biochemistry and Toxicology;-HBCCBT	Passes at 'A' Level in Chemistry and Biology or their recognized equivalents Special Entry : a) National Certificate: at first year b) Diploma: at 2nd year of the programme c) HND: at 2nd year and exempted of some other courses A person who holds a BSc Degree with a major in an appropriate subject or an equivalent qualification and has passed that major subject in the upper second division or a higher division	4 yrs
	C) Genetics and Bioengineering;-HBCGBE	The candidate must have obtained a Pass at "A" Level in Chemistry and Biology or their recognized equivalents. Special Entry : a) National Certificate: at first year b) Diploma: at 2nd year of the programme c) HND: at 2nd year and exempted of some other courses A person who holds a BSc Degree with a major in an appropriate subject or an equivalent qualification and has passed that major subject in the upper second division or a higher division	4 yrs
	D) Immunology and Microbiology;-HBCBIM	The candidate must have obtained a Pass at "A" Level in Chemistry and Biology or their recognized equivalents Special Entry : a) National Certificate: at first year b) Diploma: at 2nd year of the programme c) HND: at 2nd year and exempted of some other courses A person who holds a BSc Degree with a major in an appropriate subject or an equivalent qualification and has passed that major subject in the upper second division or a higher division	4 yrs
